EVALUATION
of the
REU - NSF Site on Novel Materials and Processing
University of Illinois at Chicago
Summer 2003

In the spaces provided below, please write any comments/feedback about your experiences of your participation in this REU-NSF Site during the Summer of 2003. If you need more space, use separate sheets. Return your evaluation to "Dr. Christos G. Takoudis, Chemical Engineering Building, 810 S. Clinton St., Chicago, IL 60607-7000" by August 1, 2003.

What was the quality of tutorials and tours?

What did you like throughout your participation in this REU-NSF Site? (Elaborate)

What did you like the least in this REU-NSF Site during the Summer 2003? (Elaborate)

What recommendations for future improvements can you make about this REU-NSF program? (Elaborate)
